KBJ Undercarriage Parts

Quality that's made to withstand the harshest environments

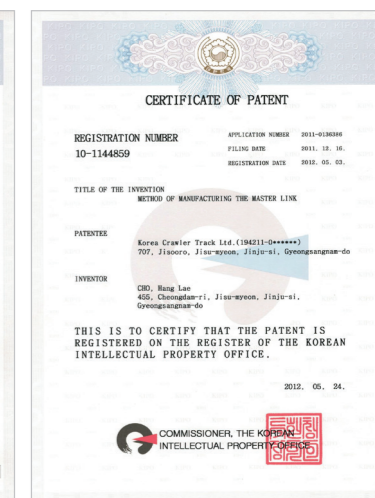

KBJ offers the highest-quality aftermarket undercarriage parts for heavy mining equipment and machinery, delivering exceptional performance in some of the world's toughest working environments. Produced in our wholly owned manufacturing facilities, KBJ undercarriage parts are designed to meet stringent quality standards and specifications.

Available for excavators, bulldozers, drill bases, crushers and screening plants, our extensive range of undercarriage parts also caters for the largest scope of applications and brands in the market.

Our product range includes:

- Track Chains & Groups
- Track Rollers
- Carrier Rollers
- Crawler Shoes
- Sprockets
- Idlers/Tumblers
- Grouser Parts

Undercarriages contribute up to **40%** of a machine's operational costs. By using top-quality undercarriage parts, companies can significantly extend the lifespan of their machinery undercarriage, resulting in **greater savings, lower maintenance costs, and improved overall performance.**
